

Material Safety Data Sheet

NFPA	PPE	

Issued Date 08-Feb-2007

Revision Date 08-Feb-2007

Revision Number: 2

24-315 - DECCOSAN 315

1. PRODUCT AND COMPANY IDENTIFICATION

DECCO
 Cerexagri, Inc.
 1713 S. California Ave.
 Monrovia, CA 91016-0120

Emergency Telephone Number
 Chemtrec: (800) 424-9300 (24hrs) or (703) 527-3887
 Medical: Rocky Mountain Poison Control Center
 (866) 767-5089 (24hrs)

Company Information
 Decco-Cerexagri

Contact Information
 Customer Service

Phone Number
 626-358-1838

Available Hrs
 8:00am - 5:00pm (PT)

Product Name	DECCOSAN 315
EPA Reg #	2792-54
Recommended Use	Disinfectant, deodorizer, and sanitizer
Product Code	24-315

2. HAZARDS IDENTIFICATION

Emergency Overview
 The product causes burns of eyes, skin and mucous membranes
 Harmful if swallowed
 Causes digestive tract burns.

DANGER!
Appearance Clear. **Physical State** Liquid. **Odor** Not available

Potential Health Effects

- Inhalation
- Skin contact

Acute Effects

Eyes
Skin

Inhalation
Ingestion

Workers with lung disease or limited capacity should limit exposure to this material.
 Causes burns.
 Causes burns. Repeated or prolonged skin contact may cause allergic reactions with susceptible persons.
 Inhalation of vapor or mists may cause lung effects including asthma..
 If swallowed, this material may cause stomach upset, dizziness, drowsiness, nausea, vomiting and fever..

3. COMPOSITION/INFORMATION ON INGREDIENTS

Ingredients Name

Chemical Name	CAS-No	Weight %	OSHA PEL
n-alkyl (5% C12, 60% C14, 30% C16, 5% C18) dimethylbenzyl ammonium chlorides	68391-01-5	1-40	N/A

4. FIRST AID MEASURES

Eye Contact	Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
Skin Contact	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice.
Inhalation	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration. Call a poison control center or doctor for further treatment advice.
Ingestion	Call a physician or Poison Control Centre immediately Do not induce vomiting unless told to do so by a poison control center or doctor Have person sip a glass of water if able to swallow Call a physician or poison control center for treatment advice. Never give anything by mouth to an unconscious person
Notes to Physician	No information available

5. FIRE-FIGHTING MEASURES

Flammable Explosive Properties	
Flash Point	> 200°F
Autoignition Temperature	Not available
Flammability Limits in Air	Not available
Extinguishing Media	Use: Water spray, Foam, Dry chemical.
Fire/Explosion Hazard	Firefighters and others who may be exposed to products of combustion should wear full fire fighting turn out gear and self-contained breathing apparatus. Fire fighting equipment should be thoroughly decontaminated after use.
Hazardous Combustion Products	No information available.
NFPA	Health 3 Flammability 1 Instability 0

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions	Avoid contact with the skin and the eyes. Use personal protective equipment.
Environmental Precautions	Consult a regulatory specialist to determine appropriate state or local reporting requirements, for assistance in waste characterization and/or hazardous waste disposal

and other requirements listed in pertinent environmental permits..

Methods for Clean-up

Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Sweep up and shovel into suitable containers for disposal.

7. HANDLING AND STORAGE

Handling

Keep out of reach of children. Avoid contact with skin and eyes. Do not eat, drink or smoke when using this product. Avoid breathing vapors or mists. Empty containers may contain hazardous residues.

Storage

Keep in a dry, cool and well-ventilated place.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Exposure Guidelines

This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

Engineering Controls

Investigate engineering techniques to reduce exposures. Local mechanical exhaust ventilation is preferred. Consult ACGIH ventilation manual or NFPA Standard 91 for design of exhaust systems. .

Personal Protective Equipment**Eye/face Protection**

Avoid contact with eyes. Use eye protection to avoid eye contact. . Goggles.

Skin Protection

Chemical resistant gloves. Wear protective gloves/clothing.

Respiratory Protection

Where airborne exposure is likely, use NIOSH approved respiratory protection equipment appropriate to the material and/or its components. Full facepiece equipment is recommended and, if used, replaces need for face shield and/or chemical goggles. If exposures cannot be kept at a minimum with engineering controls, consult respirator manufacturer to determine appropriate type equipment for given application. Observe respirator use limitations specified by NIOSH or the manufacturer. For emergency and other conditions where there may be a potential for significant exposure, use an approved full face positive-pressure, self-contained breathing apparatus. Respiratory protection programs must comply with 29 CFR 1910.134. .

General Hygiene Considerations

Wear suitable gloves and eye/face protection. When using, do not eat, drink or smoke. Remove and wash contaminated clothing before re-use. Wash hands before breaks and immediately after handling the product.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Clear	Odor	Not available
Physical State	Liquid	pH	7
Boiling Point/Range	Not available	Melting Point/Range	Not available
Specific Gravity	0.99 g/cc	Solubility	Miscible
Evaporation Rate	Not available	Vapor Pressure	Not available
Vapor Density	Not available	VOC Content	Not available
Viscosity	Not available	Molecular Weight	No data available
Bulk Density	No data available	Percent Solids	Not available
Percent Volatiles	Not available		

10. STABILITY AND REACTIVITY

Stability	Stable under recommended storage conditions
Conditions to Avoid	Keep away from children.
Incompatible Materials	Strong oxidizing agents.
Hazardous Decomposition Products	Nitrogen oxides (NOx). Ammonia gas may be liberated upon heating or when product comes in contact with strong alkalis.
Possibility of Hazardous Polymerization	Hazardous polymerisation does not occur

11. TOXICOLOGICAL INFORMATION**Acute Toxicity****Component Information**

Alkyl dimethylbenzene ammonium chloride

Single exposure studies indicate that this material is moderately toxic to rats of swallowed (LD50 234 mg/kg) moderately irritating to rabbit skin (10%) and severely irritating to rabbit eyes (10%).

The acute oral lethal dose in humans is 1,000 - 3,000 mg. Concentrated solutions are reportedly corrosive to eyes and skin and severely irritating to the respiratory tract. Skin allergy has been observed in humans following exposure to this material. Inhalation of vapor or mist has been reported to cause lung effects including asthma, bronchoconstriction and bronchospasm. Accidental ingestion has caused central nervous system (CNS) effects such as headache, dizziness, nausea, drowsiness and muscle weakness. Following repeated dietary exposure, no effects were observed in mice, rats, rabbits, and dogs. No adverse effects were observed in long-term oral and skin exposure studies of this material in mice, rats and rabbits. This material did not increase the incidence of tumors in long-term oral studies in mice and rabbits. This material produced no genetic changes in standard tests using bacterial and animal cells.

Chronic Toxicity

There are no known carcinogenic chemicals in this product

Carcinogenicity**12. ECOLOGICAL INFORMATION****Ecotoxicity**

Alkyl diemthylbenzene ammonium chloride

Freshwater vertebrates

96 hr LC50 Bleak fish 5.5-5.6 mg/l, Moderately toxic

Marine vertebrates

96 hr LC50 Harpacticoid 0.9 mg/l; Highly toxic.

13. DISPOSAL CONSIDERATIONS**Waste Disposal Method**

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If the wastes cannot be disposed of by use or according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. .

Contaminated Packaging

Empty containers should be taken for local recycling, recovery or waste disposal
