PRODUCT DATA SHEET

Decco 032 Antifoam Silicone Based Emulsion

DESCRIPTION

The product is a ready to use food grade silicone based antifoam emulsion.

DIRECTIONS FOR USE

Use the minimum quantity necessary to control foam in all re-circulating aqueous systems. Apply by batch application or by continuous feed.

For use in Decco process by or under the supervision of Decco personnel only.

COMPOSITION

Food grade antifoam listed in 21 CFR for use on raw agricultural produce.

PRECAUTION

This product is non-hazardous and non-toxic.

STORAGE AND DISPOSAL

Store in a cool, dry place. Do not use the product after the expiration date marked on the container. Keep the container always closed, if not in use. Avoid contamination. Dispose contents or container in a responsible manner similar to any liquid food grade component.

PHYSICAL PROPERTIES

Appearance: White emulsion
Specific gravity: 1.000 gm/cc
Pounds/gallon: 8.35

SHIPPING DESCRIPTION

Freight classification: Compound, defoaming, N.O.I.

(pd032)
